

Surge protection made easy – SPD selection aid

according to the current IEC 60364-4-44 and IEC 60364-5-53

Application

Situation

1 Installation location: Main distributor
at the infeed point of the system

2 Installation location: Sub-distributor
with a spacing to the main distributor > 10 m

3 Installation location: Terminal
as close as possible to the resource to be protected

Pre-meter area

Meter area

Residential buildings,
multiple-occupancy dwellings, etc.

Without external lightning
protection system with earth
cable infeed
(IEC 60364-5-53 and 60364-4-44)
